- Notes:
- As a starting point, data is taken from www.charitynavigator.org.
 - More detailed data is from the actual Form 990 tax return, as found at www.guidestar.org.
 - Notice how some ministries are late to file their tax returns... what does that say about their organizational stewardship and capability? See "How current is your data?" at: <http://www.charitynavigator.org/index.cfm?bay=content.view&cpid=484#9>
 - Only ministries with over \$7 million in revenue will be shown.
 - There is only 1 Jewish and 0 Muslim religious ministries with over \$7 million in revenue.
 - Some CEO's have more than one paycheck; not listed here. For example, Franklin Graham heads both Samaritan's Purse and the BGEA ministries.
